

Hello, my name is \_\_\_\_\_. I'm calling long distance from OTR, a national public opinion research firm. This is not a sales call and I won't ask you for a contribution or donation. We're talking with people like yourself today about some important issues in your area and this number was selected at random. According to the research procedure, I need to speak to the [ALTERNATE: YOUNGEST/OLDEST] [ALTERNATE: MAN/WOMAN] who is over the age of 18 and registered to vote.

1. As you may know, there will be a general election next year for United States Congress and state legislature in November 2010. I know it is a long time from now, but how likely are you to vote in the November general election: Will you definitely vote, probably vote, are the chances 50-50, will you probably not vote, or will you definitely not vote?

Definitely.....	69%
Probably .....	21

<b>VOL:</b> (Don't know/Refused).....	2

Now I am going to read you a brief description of the medical home model of health care delivery, and, when I'm done, I'd like to get your opinion on it.

The Patient-Centered Medical Home is an approach to providing comprehensive primary care for children, youth and adults. The medical home concept is your doctor's office with additional services, such as better patient education to help patients manage their chronic illnesses like diabetes and high blood pressure, better coordination of care between your family physician and specialist, and emphasis on preventive care.

6. Based on what you already know and what I just read, do you support or oppose the concept of medical homes? [IF CHOICE, ASK] Would you strongly support/oppose, or somewhat support/oppose that idea?

Now I am going to read you a brief description of a possible health care reform in West Virginia, and, when I'm done, I'd like to get your opinion of it...

The West Virginia state government is considering health care reform that would guarantee access to health screening and cancer screening for uninsured West Virginians, and provide treatment if serious chronic illnesses are detected. This health care reform would also provide tax credits to small businesses to assist them in providing health insurance to their employees. The reform would also establish pilot projects to determine whether medical homes can improve the health status of patients with chronic illnesses and lower cost.

7. Based on this description, would you support or oppose this health care reform? **[IF CHOICE, ASK] Would you strongly support/oppose, or somewhat support/oppose this health care reform?**
