

**WVAHC Board Resolution to Affirm Our Position in Support of Women and Women's Access to  
Affordable Health Care and Health-related Services**

Whereas, WVAHC's mission is to bring a consumer voice to public policy so that every West Virginian has quality, affordable health care and health-related services and the opportunity to lead an informed, healthy, and productive life;

Whereas, WVAHC supports access to a full range of health care services for all women including low-income women;

Whereas, WVAHC defines health care and health-related services to include a full array of reproductive health services for all West Virginians; to include regular gynecological exams and services, contraceptive services, prenatal care, adoption services, and abortion services;

Therefore Be It Resolved, that WVAHC affirms that decisions regarding reproductive health are made by women in consultation with their medical providers.

Further Be It Resolved, that WVAHC supports allied organizations working to preserve these benefits and services.
