**NEVER BEFORE
HAVE MORE
WEST VIRGINIANS
HAD ACCESS TO
HEALTHCARE
THAN THEY DO
TODAY.**

As you read this, the Affordable Care Act is stronger than ever! **51,046 West Virginians** enrolled in health insurance plans through the Affordable Care Act (ACA) Marketplace in 2024 - 163% more than in 2021. **47,900 West Virginians** are **saving an average of \$1,038.32** on monthly health insurance premiums in 2024 - 210% more West Virginians than in 2021.

West Virginians for Affordable Healthcare had a role in making this possible.

We are the only public policy organization in West Virginia whose sole mission is dedicated to helping West Virginians have access to affordable healthcare, informed by the consumer voice.

As Congress considers changes to the Affordable Care Act - potentially devastating changes - you can help us continue our fight so that every Mountaineer has quality, affordable healthcare.

IF ENHANCED TAX CREDITS ARE REPEALED, WEST VIRGINIANS WILL LOSE AFFORDABLE HEALTH CARE:

GONE: Affordable premiums for West Virginians. Premiums will go up by an average of \$1,404 a month for 49,334 West Virginians.

GONE: Peace of mind for patients with pre-existing conditions. 737,900 West Virginians with pre-existing conditions would suffer.

GONE: Financial security for small business owners. West Virginia entrepreneurs and small business workers will see their premiums go through the roof.

Your support allows us to continue working to identify and advocate for positive public policy change, developing and coordinating innovative public education programs, protecting, and preserving programs that serve our mission, and assisting individual consumers in navigating the healthcare system.
